## Invitation for Submission of Proposals for Technical Advisory Services for the Development of 'National Institute of Dentistry' at PIMS Under Public Private Partnership Modality

Pakistan Institute of Medical Sciences / Ministry of Health aims to develop a dedicated facility for dental treatment on Pakistan Institute of Medical Sciences (PIMS) premises.

The Project primarily aims at establishing a dental facility that provides state-of-the-art dental treatment at affordable rates to the patients. The facility will also serve as a teaching and research center.

The 'National Institute of Dentistry' is proposed to be constructed on land provided by PIMS on its current facility located on main Ibn-e-Sina road, Islamabad. It is envisaged that the facility will have the capacity to provide specialized dental treatment to patients using state-of-the-art medical equipment and specialized doctors, nurses and ancillary staff. In its capacity as a teaching and research center, the facility is envisioned to train dental students and auxiliary dental staff as well as conduct short term dentistry courses and carry out research.

Infrastructure Project Development Facility (IPDF) is seeking technical advisory services from qualified technical consulting firms ideally having requisite technical expertise to assist in the implementation of the Project. The Technical Advisors will conduct a detailed 'Technical Feasibility Study' that will assist in structuring the best PPP option to implement the Project.

Request for Proposals (RFP) package, inter-alia, specifying the scope of work, procedure and format for submission of Technical Proposals etc. can be obtained from IPDF's office at the address given below or downloaded from the following website: [www.ipdf.gov.pk](http://www.ipdf.gov.pk) (Official IPDF website).

Interested parties are requested to submit their proposals as per the terms of the RFP latest by December 3, 2009. For any further information/queries, please contact:
